WORK EXPERIENCE

Jun 2023 - present

Business Owner
Mekdshop.com

Mekdshop is a digital marketplace specializing in in-game currency and content top-ups. Integrated with multiple payment methods and WhatsApp notifications, aimed to be the most affordable option in the market.

- Founded and scaled the marketplace with a growing customer base
- Built automated workflows, allowing the business to run autonomously
- Designed promotional posters and maintained social media presence
- Implemented secure and diverse payment integrations
- Automated WhatsApp notifications to improve transparency and satisfaction
- Optimized pricing strategies for competitive positioning

Stack: E-Commerce, Business Ownership, Social Media, Payment Integrations

Mar 2022 - May 2022

Front End Developer
PT Zegen Solusi Mandiri

Project 1: BTN Smart (Bank Tabungan Negara)

- Designed and developed BTN Smart using React and Next.js
- Created reusable components and optimized data fetching with React Query
- Diagnosed and resolved bugs to improve application stability
- Collaborated with cross-functional teams using Scrum methodology to deliver features on time

Project 2: CRM System

- Built and maintained a Customer Relationship Management (CRM) system
- Translated Figma/Sketch designs into responsive UI components
- Contributed to setting up layouts, authentication flows, and core features

Stack: React, Next.js, TypeScript, JavaScript, React Query

Feb 2021 - Mar 2022

Full Stack Developer
PT Hexaon Business Mitrasindo

Contributed to the development of a web-based accounting application, from UI design to backend APIs.

- Built RESTful APIs using Next.js API routes for cross-application integration
- Translated Figma/Sketch wireframes into functional UI/UX designs
- Learned accounting fundamentals (Arus Kas, Buku Besar, Jurnal Umum, Laba Rugi, Neraca, Trial Balance, Chart of Accounts) to align software with business needs

- Introduced and taught the team new tech stacks, improving productivity
- Ensured code quality through regular reviews and Agile/Scrum practices

Stack: Next.js, JavaScript, PostgreSQL, Prisma, Material UI, Tailwind CSS, Ant Design, Charting Libraries

EDUCATION
